STATE SYSTEMIC IMPROVEMENT PLAN (SSIP)

A number of new resources to support local systems have expected completion dates between the fall and the end of the calendar year. Here are some things to look forward to:

- A new Infant & Toddler Connection of Virginia website;
- Feedback and support to local systems based on the functional assessment and child outcome summary process monitoring;
- A podcast series on functional assessment; and
- Multiple resources to support coaching in service coordination!

As a reminder, all SSIP-related materials are posted to the SSIP section of our website at <http://www.infantva.org/Sup-SSIP.htm>

CONNECTING DEAF-BLIND CHILDREN TO SUPPORTS AND SERVICES

What Can the Virginia Deaf-Blind Project Do For You?

At the Virginia Project for Children and Young Adults with Deaf-Blindness, we are committed to supporting families, early intervention providers, and service providers as they work to improve outcomes for infants and toddlers who experience both vision and hearing loss. Our project is federally funded through the U.S. Department of Education's Office of Special Education Programs (OSEP) and therefore our training is offered at no cost to families and educators.

What We Offer

1. **Family support from the Project's Family Engagement Specialist.**
2. **Customized on-site coaching and consultation on deaf-blind specific strategies including communication and engagement strategies.**
3. **Access to Network of Parents of Children with Deaf-Blindness in Virginia.**
4. **Free Lending Library of books, videos and other resources.**
5. **Online training modules that focus on a variety of topics that impact a child with deaf-blindness.**
