

The Parent Education-Infant Development program of the Rappahannock Area Community Services Board has two Early Intervention Professional level positions available.

**15-187 Physical Therapist (part or full-time):** This position provides physical therapy services to infants (age birth to 3) who have developmental delays and/or atypical development and their families. Incumbent functions as part of a transdisciplinary team providing services that focus on motor development and sensory integration, and implementing treatment plans developed by the team. Thorough knowledge of infant/child development disabilities and the theories, principles, practices and techniques of related therapeutic treatment. Thorough knowledge of supportive counseling techniques. Good skills in teaching methods relevant to infants/children. Ability to maintain effective working relationships with consumers, families, staff and others. Ability to communicate well, orally and in writing. Virginia license as Physical Therapist from the Department of Health Professionals of Virginia, and some professional experience with developmentally disabled/delayed infants and their families. Certification as an Early Intervention Provider in Virginia. Valid Virginia Driver's License. Part- or full-time position, Monday through Friday, 8:00 a.m. to 5:00 p.m.

**15-190 and 15-131 Speech/Language Pathologist for Parent Education - Infant Development (full-time and part-time positions available):** This position provides speech-language therapy services to infants (age birth to 3) who have developmental delays and/or atypical development and their families. Incumbent functions as part of a transdisciplinary team providing services that focus on language and cognitive development, oral motor and feeding skills, and supports the overall development of a child, implementing treatment plans developed by the team, and providing training to parents and agency staff. Master's Degree in Speech and Language Pathology and some professional work experience in the field, including some experience with infants and toddlers. Valid state driver's license. Certification as a Part C Provider in Virginia. Licensed by the Dept. of Health Professionals in Speech and Audiology and holds Certificate of Clinical Competence by American Speech-Language and Hearing Association. Hours are Monday through Friday.

#### **HELPFUL HINTS WHEN APPLYING FOR EMPLOYMENT WITH RACSB**

- For each position that you are applying, please complete an [Application for Employment](#). You may attach a copy of your resume to the application; however, in order to be considered a candidate for any vacancy, you must submit a completed Application for Employment.
- Please be sure to complete the Application for Employment in its entirety. Complete information, including contact telephone numbers, will assist in timely processing.
- Please be sure to include the Position Title and Position Number for the position in which you are applying. Without this information, the agency is unable to determine which position to consider you as a candidate.
- Please do not write "See Resume" in any section of the Application for Employment. Applications that are received with "See Resume" on them cannot be processed.
- Please be sure to sign your application. Applications that are received without signatures cannot be processed.
- Completed Applications for Employment may be mailed, faxed, or dropped off to the following address:

Office of Human Resources  
600 Jackson Street  
Fredericksburg, Virginia 22401  
Fax: 540-371-3753
