

Infant & Toddler Connection of Virginia

Permission for Texting

I have been offered a choice about how I would like to be contacted by my service coordinator: face-to-face, phone, email or text. I have chosen texting as my preferred method of contact. I am aware that there may be some risk that the information in text messages could be read by a third party, someone other than me and my service coordinator. If I change my mind about using texting as the way I would like to be contacted, I can notify my service coordinator at any time.
