

# Online Information & Professional Development Resources

**Infant & Toddler Connection of Virginia**  
[www.infantva.org](http://www.infantva.org)

Visit this site for information about VA's Part C system, including information for providers, families, and referral sources. VA's Practice Manual, Part C forms, and contact info for each local system are among the many resources you will find.

**Principles and Practices of Early Intervention: Requirements for EI Certification**  
[www.eitraining.vcu.edu](http://www.eitraining.vcu.edu)

On this site, you will find the online modules that are required for EI certification in Virginia. Once a practitioner passes these modules with 80% proficiency, he/she may apply for EI certification using the site below.

**EI Certification Database**  
[www.eicert.dbhds.virginia.gov](http://www.eicert.dbhds.virginia.gov)

Practitioners may apply for EI certification(s) via this website. Once certification is granted, practitioners must keep their information updated on this site, including any changes in license, license number, program affiliation, etc.

**VA Early Intervention Professional Development Center**  
[www.eipd.vcu.edu](http://www.eipd.vcu.edu)

This site offers a wide variety of professional development resources on topics of interest. Resource landing pads, archived webinars, links to online modules, tools for practitioners and system managers, and a training calendar are among the available resources.

**VA EI Professional Development Center - eLearning**  
[www.veipd.org/elearning/](http://www.veipd.org/elearning/)

On this site, you will find interactive online modules on a variety of topics, such as IFSP development, autism, and hearing. These modules are not required by Part C but may be used for ongoing professional development and recertification.
